FRANCISCO GUZMAN VICTIM

Rebel Leader Has Army of 12,000 Under Way to Attack Torreon.

Juarez, February 2.—Francisco I. Guzman, who figured prominentiy in the revolt against President Madero in Mexico City a year ago, was executed in the front yard of a house occupied by General Francisco Vilia here to-day. Guzman had just come from Havana, where, it was charged, he had been given a secret mission by Felix Diaz to induce General Villa to renounce General Carranza and throw the strength of the revolution to Diaz As soon as he heard of the proposal, General Villa gave Guzman a conference, and after making sure of the nature of the visit, ordered the messenger shot. Within a few minutes after his arrival Guzman was led out of Villa's room, stood up before an adobe wall and, with his hands tied and eyes blindfolded, was executed. The shoeting was done by a rebriofficer in charge of the railroads, who happened to be present when the execution was ordered.

It was at first reported that Bonales Sandoval, an attorney of Mexico City, was the victim, but Sandoval, who was said to be representing Diaz, took refure in the United States several days ago.

VICTORY IS WON

[Special to The Times-Dispatch.]
Norfolk, Va., February 2.—James V. Trehy, Democratic organization leader of Norfolk, won a big victory to-day when Judge R. H. L. Chichester, of Fradericksburg, decided that he was rightfully entitled to the certificate of election as cierk of the courts of Norfolk. He was elected by a majority of 109 last November, but Robert W. Peutross, the defeated candidate, contested the election.

the defeated candidate, contested the election.

Judge Chichester held that while some people voted illegally without having paid their poil taxes as provided by law, there were not enough lilegal votes to change the result had all of them been thrown out. He declared that the conduct of two election judges, Messrs, Chaplin and wall, who assisted voters on the outside, was unbecoming, but that there was nothing to show that fraud had been committed or that the judges knew of illegal votins.

It is probable that civil proceedings will follow, as the election judges were accused of conspiring with James V. Treby to commit fraud. All of them are well known and stand high in Norfolk.

Thomas A. Smith.

Mr. Trehy was in Richmond last night and was warmly congratulated by his friends when the announcement was made of Judge Chichester's decision. He declined to make any comment for publication, saying that while the decision of the Judge had been mailed, it had not yet reached his office in Norfolk, or become a part of the court resord.

Mr. Bremner rallied this morning from the weaken'd condition of yesterday and insisted on working on a bill he has before Congress. This afternoon he called his brother, Leith Bremner, of Richmond, to the bedside and, telling him he realized the end was not far off, requested him to take charge of the Passalc Daily Herald, which he owns. When Mr. Bremner consulted Dr. Kelly in December, it is understood that neither Dr. Kelly nor his assistant, Dr. C. E.
